Are you looking for Real Brass Knuckles? Kick it up a notch!

Try BLAST KNUCKLES! 950,000 volts of Dropping Power!

Wow... This innovative new product is getting major attention from the self defense market. It has all the features in a standard stun gun with the benefit of always having full control (just like real brass knuckles - custom brass knuckles!). Don't worry about dropping them, because the contoured grip fits perfectly in your hand it assures your full control at all times.

The comfortable rubber grip fits your hand well and releases close to 1,000,000 volts - just under one million volts. It features a safety switch and a "ready to use" LED indicator. These Blast Knuckles are becoming a tremendous hit with joggers and will make anyone feel safe when you have them in your hand!
